Stage 5 this month was the "**Blacksmith Birthday Shotgun Blast.**" There were 16 shotgun rounds on this stage. The shooter moved down range through a crooked corridor containing doors and windows. Shotgun targets were to the right and left of the corridor. The shooter stopped at each door and window and shot the targets at that position.

M. I. Dunn won the Shotgun Blast and for his efforts he was able to pick first from the door prizes for the day. Congratulations M. I. Dunn!!
