What a beautiful day it was! I think this was the first time this year that Blacksmith and I have not gotten up extra early on shoot day to look at Accuweather and try to decide if the rain would hold off long enough for the match. It was warm but still a nice day and we want to thank everyone for coming out.

A big THANKS to Crafty Cate for researching the Wild Women of the West and writing the stories for the stages this month. They were great.

We are very fortunate to have several Buckaroos shooting at our range this year and two of them were here today. These youngsters are the future of our sport and it is just a joy to posse up with them. Not only are they very talented shooters, they do a great job of helping out on the posse. We appreciate them!

We also want to thank everyone who pitched in to round up Willow. If you've never met Willow, she is Dunreath Slocum's burrow and for most of the match she was very well behaved. I think she just got tired of being a "gun cart" and decided to go for a walk about.

Be sure to check the schedule page for all the upcoming shoots. There will be Goddard Cowboys, NCOWS, and GAF shoots in September and in October we'll be doing another **Zombie Shoot** as well as a Goddard Cowboys match. Lots of FUN ahead!

Best Regards!

Granny Annie
