What a beautiful day! Thanks to all who came out for a fun day of shooting and friendship! Horatio Caine from Miami is still working on the case but I think he will prove that the evil Mayor of Goddard, Dick Tater, is to blame. We have researched the "Tater" family and can assure that Dick Tater is no relation to the lovely Sweet Tater!

Congratulations to Sweet Tater for winning the last Bass Pro gift card and also to Blacksmith Hoss for winning the car. What he did with the severed hand was just to funny to overlook!

Several have expressed interest in a November shoot. It's going go depend on the weather and will be a last minute decision but if we have a match we'll let everyone know via "Goddard Cowboys Update" e-mail as well as information on the website.

We're considering a chili supper the third weekend in November. If you'd like to come enjoy some chili and a whole lot of fun, please let me know. If enough are interested we'll all gather at our place for an end of season party. Watch for an e-mail about this and be sure to reply if you can come.

I also want to personally thank everyone for their support this year. We appreciate each of you and we're looking forward to another great season in 2011!

Best Regards,

*Granny Annie*
